Pursuant to § 54.313(a)(5) for High-cost Recipients, Geetingsville Telephone Company, Inc. ("Company") hereby certifies that it is in compliance with applicable service quality standards and consumer protection rules.

The Indiana legislature removed substantially all service quality and protection standards for eligible telecommunications carriers (ETCs) from the Indiana Utility Regulatory Commission. The Company is required to comply with standards related to (1) requests for service within its exchange territory, (2) unauthorized service charges or changes in the long distance carrier (slamming and cramming) and, (3) truth-in-billing requirements. It has implemented the following procedures to comply with the standards.

As a provider of last resort, the Company provides telecommunication services throughout its designated service area to all prospective customers who make a reasonable request for service.

Customer service representatives are prohibited from completing PIC (primary interexchange carrier) change orders or charges for additional services without the express authorization from the customer.

The Company uses third-party service provider to render bills to its customers for service. Management reviews the billing statement to ensure that it is clearly organized and includes (1) The name of the Company providing the service, (2) the phone number by which a customer may inquire or dispute any charge contained on the bill and, (3) a brief clear, plain language description of the individual service or services rendered such that the customer can assess that the services for which he or she is being billed correspond to those that he or she has requested and received.

47 CFR 54.313(a)(10) - Voice Services Rate Comparability

Pursuant to 47 CFR 54.313(a)(10) for High-cost Recipients, Carrier hereby certifies that the pricing of Carrier's voice services is no more than two standard deviations above the applicable national average urban rate for voice service, as specified in the most recent public notice issued by the Wireline Competition Bureau and Wireless Telecommunications Bureau.

On March 20, 2014, the WCB announced that the average local end-user rate plus state regulated fees of the surveyed incumbent LECs in urban areas is \$20.46. This was also published in the FCC's Report and Order, Declaratory Ruling, Order, Memorandum Opinion and Order, Seventh Order on Reconsideration, and Further Notice of Proposed Rulemaking Adopted April 23, 2014 and Released June 10, 2014. Carrier's voice service rates are less than two standard deviations in relation to the applicable 2014 national average urban rate as established by the WCB.

I verify that the foregoing is true and correct. Executed on June 16, 2014.
